

## Introduction

Hello, my name is Pedro Carmo. I'm a product designer based in Brooklyn, NY. I recently joined the design team at Kickstarter, working on the Backing feature team and Design Systems team. My focus is improving how our backers interact with and back a project checkout page and helping build and define our component library.

On the side, I mentor Design 101 and Interaction Design students at Designlab.

## Skills

Design, primarily focused on product thinking, interaction design, visual design, user experience and product research. Development, efficient in Html, Css & Scss architecture, Git SCM, Framer.js and working in Rails-dev environments.
